DON'T BE SATISFIED, HELP AMERICA GROW!

We who represent the graduating Class of 1980, represent the future of America's tomorrow.

The future depends upon our generation to stand firm, tall and independent. We must recognize the diplomatic, economic, and social concerns of our country.

As we enter the transitional course of adulthood, the United States emerges into the '80's. We must now forget the protest's of the 1960's and yesterdays declining '70's, with a valid filtration of concern and responsibility through the 1980's.

Alexander Tytler once wrote, after his study of the fall of Athens:

"The average civilization has been 200 years. These Nations have progressed through this sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency, from complacency to apathy, from apathy to dependency, and from dependency back into bondage."

If we don't accept individual and political responsibilities, future generations will not be allowed the liberties our's and past generations have enjoyed. Nor will they be allowed the challenge of accelerating American respect, integrity, and freedom that once symbolized this nation as the leader of the free world. We must project a potent example for future generations to procure!

The Class of 1980 must unite our confidence and ideals of independent strengths for the development of America, tomorrow. Our oneness can not allow us to sit back apathetically, affording the United States and her people a back seat to the future of the world. Political and governmental decisions affect each of us as individuals and as a whole. Todays students are tomorrow's future . . . Let's unite before we digress into bondage.

1980 TIDE DEDICATION

We, the class of 1980, dedicate our yearbook to two members of the M.H.S. staff who have influenced and encouraged the success of each and every student throughout his H.S years. The honor this year goes to Mrs. Smith and Mr. Deftos.

Mrs. Smith, a dedicated social studies teacher, has succeeded with her unique personality to influence many students. Throughout her years of travel, Mrs. Smith not only has made herself worldly, but, has spread this worldliness to her students. Mrs. Smith has not only encouraged students in social studies, but, in English too. If a student ever needed a new vocabulary word Mrs. Smith's room was the first stop.

If there is a person who can make a student smile after telling him of his suspension is has to be Mr. Deftos. A long time member of the M.H.S. staff, Mr. Deftos has encouraged students to adopt a new outlook towards school. His patience and sense of humor have helped us in our success throughout high school.

We feel that both people are a definite asset to our school, especially, to the students. We thank both staff members for all they have done.

ACTIVITIES

1979 JUNIOR SENIOR PROM

It all began one Friday evening, the twenty seventh of April, nineteen hundred and seventy-nine. Thunder and lightining filled the sky as the class of 1980 welcomed the Juniors and Seniors to experience a night of "Fantasy." They drove the flooded highways to their destination the Chateau de Ville in Randolph.

As they arrived, the lovely couples disembarked from their cars. Before the couples joined the each other, they were assembled in the lobby and made to ascend 53 steps until they reached the climax of bursting flashbulbs and mannequin like poses. As expected, all were seated, and their night of "Fantasy" began. The music was performed by the band, Second Society This group consisted of five "disco-boys", each in his own uniquely-calored polyester leisure suit.

Finally the ultimate trip-the girls were paraded around the dance floor, escarted by their dates. This procession was to decide a queen and a court for the prom. The winners of this main event were Kim Figuerida, crowned queen, and her court Kerry Fennessey, Viki Caseau, Kathy Shannan and Tricia Kelly.

Finally, the evening was complete. However, the celebration was not. The fallawing day, all got together again in Barstable to top off quite an extraordinary experience.

POWDER PUFF FOOTBALL

On October 7th, it rained. However, the anticipation was too great to call off the annual Powder Puff game.

Amidst a downpour, the seniors paraded in with soggy green streamers plastered to their cars. They then made an impressive rush onto the field. Their uniforms consisted of green "SENIOR" shirts, class of "80" socks, and dungarees. The seniors came well prepared for battle complete with some larger-than-life cheerleaders.

The game finished in a tie (7-7) with a touchdown for the seniors by Patty Tribou and one for the juniors by Denise Davis. Both teams played very well and remained friends after the aggressive game (which ended just as the lightning began).

Mare Courtney would like to take this opportunity to apologize for throwing the worm down Chris Talenti's shirt.

THE DIARY OF ANNE FRANK

On December 13, 14, and 15 the Marshfield High School Drama Club presented "The Diary of Anne Frank" by Frances Goodrich and Albert Hackett, in the Furnace Brook Auditorium.

The play is based on the writing of a Jewish girl who, with her family, went into hiding in Amsterdam during World War II to escape deportment to a concentration camp. The play spans two years of hiding in a tiny attic. During this time relationships grow and are strained to the breaking point, as all await discovery with terror.

The play was directed by Robert Montiminy and featured Jeannie Champagne, Elizabeth Corse, David Desmond, Michael Donahue, Glenn Guimoud, Liz Lapoff, Richard Long, Betsy Powell, Holly Smith, and Cam Thornley.

BUILDING CONSTRUCTION PROGRAM

The Building Construction Program is designed to prepare students for entrance into the building trades upon graduation from high school or for further training in construction related fields at technical colleges.

Within the program, students waive actual "hands on" training in a wide range of actual construction experiences, including roofing, siding, framing, duks and porches, and additions. Experiences are primarily in carpentry. This training takes place in contracted building projects in the Marshfield community. Private individuals and groups in Marshfield apply to have work done, and the students do the work under the supervision and with the instruction of the staff. Work is broken down into six categories, and applications are accepted on a "first come, first serve basis" within those six categories. In so doing, students are exposed to all aspects of modern, conventional carpentry.

The program is open to all juniors and seniors. The site or "hands-on" training occupies 8-12 periods per week. Juniors attend sites periods 5-thru 7 Monday through Thursday. Seniors receive instruction in two courses that are self contained within the program. A stuctures course entitled Problems in construction exposes students to the structural mechanics & building a complete conventional frame wood house. Detailed working drawings are developed and serve as a basis for constructing inch to one foot framing models. All aspects of conventional wood frame construction are covered from foundation to roof with interior and exterior finish. In addition students take senior English Together. The thematic thrust of the senior English course focuses on problems of coming of age and taking one's place in adult society. Writing is often related to skills (advertising, contract, applications, etc.) necessary for the work of a small contractor. Seniors attend sites periods 4 thru 7 Thursday and Friday.

SENIOR NIGHT OUT

On Monday January 14, 1980 the members of the senior class and their dates met at the Casa Berrini for Senior Night Out. There was a great turnout and the general attitude of those who attended was excellent.

The dinner was presented in the form of the famous Casa Berrini buffet and was enjoyed by all. Music for dancing was provided by the Formations, a versatile group from Hingham.

The convenient location of the function and the cooperation of those who attended combined with the help of the Casa Berrini, made this year's Senior Night Out and overwhelming success.

SPORTS

GIRLS BASKETBALL

"I predict: Julie McKeever will leave Raggedy-Andy without a B-Ball partner. Kerr Sullivan will leave her extra six inches to Sharon Curry so Miss Anderson will let her play with the Big Guys. *Captain Lydie will leave her teammates bench neverless, but, will leave her laughing box behind. Denise Davis, Karen VanNess, and Sue Whitey will all be back to once again try to kill the Reagan. Finally Sue Bard will score some more with JHKi."*

"I predict: With Debbie Murphy's base line drive and Caren Coleman's fancy footwork, the team will go undefeated next year, all the way to the state finals. Ain't no stopping them now!"

"I predict: Miss Anderson will be lonely without her senior stars but the jumping juniors will take over and she'll be making the "line up on the line."

Girls Basketball, Front Row; Sue White, Laura Casper, Kerry Sullivan, Captain Lydia Parks, Denise Davis, Caran Coleman. Back Row; Manager Janet Stetsan, Coach Carole Andersan, Debbie Murphy, Julie McKeever, Patti Tribou, Assistant Coach Steve Blumberg.

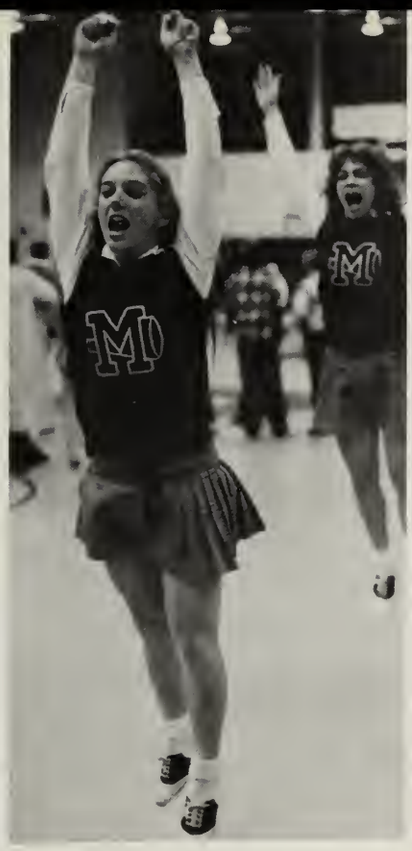
"I predict; win the State Championship in 1983."

"I predict; a One year Contract!"

BOYS BASKETBALL



"I predict Jack Hocking will be a T.V. star on the show 'Animal Kingdom' doing wild animal impersonations. Gary Scott, Frank Kane, and Joel Kelly will host their own radio talk show. Larry Leahy will be a State Senator. Bob Habel will be a short order cook at his own fast food diner; and will eat himself out of business."

"I predict the team will gain respect in the OCL, and will start building a winning tradition."

Front row; Larry Leahy, Frank Kane, Joel Kelly, Jack Hocking, Gary Scott, Neal MacKenzie, Back row; Bob Habel, Brian Cunning, Coach Cabral, Jeff Brian, Jeff Acker, Missing- Mike Henry

SOFTBALL

Front Row: *Liddy White; Karen Fitch; Ann Wickham; Chris Bono; Lisa Giovanucci; Monica Glynn; Nancy Frye; Kathy Welch.* Back Row: *Margie Reilly; Kathy Cahill; Patti Tribou; Leslie Mattews; Jayne Goodwin; Sue Richards; June Little; Darian Shaw; Coach Dupuis.* missing: *Dorelie Sutliffe (MGR.)*

Mr. Dupuis
"I predict . . . . . Jayne Goodwin - will learn to throw the "meatball" pitch and will wear a size ten pair of pants. Leslie Matthews - will steal third base at least once during the season and will lead the league in hitting- (that is people). Patti Tribou - will do the splits while reaching for a ball thrown from 3rd base. Kathy Cahill - reaching for a ball thrown from 3rd base. Kathy Cahill - will make a long run from shortstop and will not have one disaggrement with Izy for the entire season. Kathy Welch - will slide into home plate (safely) and slide in the outfield (dangerously). Karen Fitch - will keep her eye on the ball, or vice versa. Darian Shaw - will have a Big Mac attack during the middle of a ballgame. Sue Richards - will hit a triple when the bunt signal is on and will hit a home-run and not slip on a banana peel between home and third. Eileen Cahill - will run the bases in 12.0 seconds and will lead the league in stolen bases. Darelle Sutliffe - will score us a few extra runs when we really need them."

"I predict . . . . . We will have no more losing 13 inning ballgames. We will learn to hit the "meatball" pitch and slide like wet spaghetti. We will have a sell-out crowd for the last game of the season. The J.V. team will go undefeated, again."

"I predict . . . . . I will not hit anybody during practice drills. I will not make predictions about the team's win-loss record. I will get his signals straight so that the girls will not hit on the bunt signal. I will retire when one of the girls beats his record of 11.9 seconds around the bases, or they win the O.C.L championship three years in a row. That Coach Calella will be able to find what he is looking for in the storage room."

"THANKS RTG, WE APPRECIATE IT"

The class of 1980 offers its admiration, thanks and tolerance to our fearless leader "Richie" Gardner.

If it hadn't been for Merrimack College the world would have had to suffer from yet another Boston College physics grouple (a school and course receiving the most corrupt devotion from Gardner). Not to mention that the world has been spared another egotistical and frustrated hockey player.

Gardner's consistant neglect of personal hygiene, clothed decor, and misuse of VO5 hairspray has given the class of 1980 a strong appreciation of the pro prep status, a trait we will surely adhere to in college life, regardless of Gardner's anti-prep status. We further realize that his businesslike demeanor, in and out of the classroom, is well meant, though we suggest he would have done better as a physics professor. In physics his introverted wit and chilled dispositon would have been more fully accepted.

Yes, physics seems to be Gardner's call, especially since his more serious lectures often include such confusion as Bob Dylan's, "If you're not busy being born, you're busy dying." An obvious dilemma to be analyzed in bio-physics rather than poetry! Gardner further inspired his classes into whole-hearted boredom, via intriguing studies of John Belushi and the "Not Yet Ready For Prime Time Players." Given this cultural background we students are prepared for intense liberal arts studies and a life-long search for Horatio Hornblower. But, what has it got to do with traditional, "stuffed shirt" English?

Oh! Gardner, we only ask that you spare next year's seniors of the disco steps you've acquainted with John Stewart's artful composition.

However, through all and all it must be said that Gardner's fantasies, hyperativity, and rave for Dylan and Stewart, leave him exempt of the traditional "stuffed shirt" Shakespearean professor. He has proven to be independant of the norm that gradually transmits students into a slumber by late May or June. Adopting his own method of administering sleep, Gardner begins in early September and diligently works to awake his classes by mid-July.

The Prophecy

Written by Janet Callahan, Gerry Reilly, Mary Courtney, Kim Foote, Robert Fisher, Noreen Cornell, Liz Lafoff, Laura Jones, Mary Beth Hilner, Jackie Fontaine, Laurie Burke, and Laurie Bondini

The following "prophecy" contains thoughts and ideas of what may happen in the future at Marshfield High School.

SCHOOL AND COMMUNITY

Twenty years from now instead of names, people will be assigned numbers and classifications for identification purposes. Such as the National Honor Society members wearing gold to represent the high position they hold. The Advanced Placement students will be wearing royal blue to represent each persons's knowing how to use their brains wisely and efficiently. Last but not least, as we glide down the corridor, we see the average person, wearing big green C's to represent their "commoness". Sliding along on the movable floors, we observe the sights of a normal Tuesday time span. The individuals are at once singled out from the crowd; the one's that have been trying desperately to defy the system and they feel that this is their only way to rebel, and not wear their colors or codes.

As far as electricity and heat are concerned, they are run by solar energy. As we're looking into the classroom, we see the common students learning their lessons, taught by androids and, the above average students by master computers; and finally the National Honor Society students learn what they must by head sockets that resemble the outdated beauty parlor hairdryers.

Marshfield is no longer a quiet quaint little town. It has grown up extremely fast and is extremely modern. There is high unemployment and no humans receive a regular income because they don't have to work if they don't want to. Our leisure time is taken up by computer tennis games, electric mopeds and mind boggling exercises Life has changed since our high school years because of high improvement in our economic stats . . . What's next?

MORNING ANNOUNCEMENT
(First day of School, Sept. 8, 2001)

"Good morning students, this is Walden White wishing you all a fine and joyous day. The first thing on our agenda is to say that we hope you all had a nice summer vacation and are good and ready to start off the year 2001. Now, I feel it is my duty to tell you that there have been a few changes in our school administration. First off Kaizer Tom MacMahon will be my working co-partner. He will lead the socialist followers of our assorted student body. For the new "freshmen" there will be a sign up sheet in the upstairs office if interested in belonging to the socialist party of Marshfield High."

"For other entering "freshmen" this year offers an extensive course in Jesuit Religion taught by Rabbi Hal Shainwald. An elective of this course will be offered by the Great Philosopher Mr. McVorish, entitled "The Hemlock", a study of Socratic Dialogue and Spiritual Awakening."

"In concern of additional classes, new and varied electives will be available. The "sophomore" class will be featuring "Apeman" John Collella in the study of casanovian society. A pre-requisite of a very shallow intellectual stability and flirtatious personality is required as well as being an active member of the female species. Outstanding physical characteristics are essential if you plane to succeed in this course. A similar course in the biological sciences and effects of alcohol will be administered by Keg Belly, Gunnarson. An elective in conjunction with that taught by Gunnarson is Intellectual Belly Dancing. It is a study of the ins and outs and ups and downs caused by excessive dancing and eating. This elective will serve as a supplement to our ancient Health Program."

"The ex-Health Department Head, Ron Weiss, is now acting campaign manager for the former D.E. coordinator, Harry Tingley's congressional bid. The D.E. store is now campaign headquarters for the up-coming Senator. If you would like to know more concerning Mr. Tingley's campaigning, "Sex, Drugs and Rock-n-Roll", please contact Mrs. Roberta Erickson. Her recent experience as a social worker will encourage students to participate in the Political World."

"Also, heading up the Math Department is former cult-leader Robert Montminy. He is now recruiting aspiring new actors and actresses for his comical play "The Shah in Marshfield". The hilarious playwright-librarian, Miss Andrews will be assisting as director and co-producer of this 2001 production."

"A new space shuttle has been provided from the Math wing to the English Department deterring students tardiness and calming the hyper-active complaints of Richard Gardner.

30th REUNION - CLASS OF 1980

In the year 2010, Marshfield High School's graduating class of 1980 held its first formal high school class reunion in the grand ballroom of the new high-rise Coso Berrini. Many were surprised to discover that so many of their classmates had taken on such unique and colorful lifestyles since their days at Marshfield High.

Maria Rushton for example, has lately defected to Russia where she is performing weekly with famed Mikhail Baryshnikov in Moscow's historical Palace of Culture. The talents of our classmates did not, however, end with Maria. The new pop group The Zygotes *for instance, is rapidly climbing the ladder to fame and fortune. The group's members, Rick McKee, Christine Hale, Wade Hodges, Suzanne Clark, and Joe Cooper have often appeared on the cover of the smash magazine* The Daily Dino, *established in 1993 by superjournalist John Gaudino.*

Speaking of superstars, it is interesting to note that Janet Callahan and Bobby Frye have recently completed the filming of their new piece of celluloid, The Sequin, *which should be released early this summer. Critic Rhonda Burum predicts numerous Academy Awards. Burum commented at the reunion, "the film, directed by Woody Allen in conjunction with Patricia Ionto enterprises of Beverly Hills, is just glorious!" Although no one was able to get in touch with Patty, Lisa Ray, while working with Francesco Scavullo in New York, claims she saw the multi-millionairess behind the wheel of a Rolls Royce somewhere in Manhatten.*

One interesting individual with whom we spoke at the reunion was Kerry Fennessey, who disappeared somewhere in Dorchester early in the 80's. Kerry appeared suddenly at the door with baggy nylons and fifteen youngsters tugging at her curlers. Unfortunately we were not able to speak with Miss Fennessey, but we did hear her giggling.

During the evening we did speak with Donna Castro, who informed us of her lately being employed with the M and M company hand-painting m's. Donna paints close to 25,000 candies each day, while Pookie Hankey counts and bags.

It was also good to speak with Dorian Shaw, who told us of her years since high school. Dorian explained that in an effort to make some kind of a profit in the business with which she grew up, she took her golden arches over to India. Due to her ignorance regarding Indian culture and worship, Darian's business failed, and she was sentenced by Indian officials to 12 years of reciting the Koran to grazing cattle.

It is good news to hear that David Lincoln has finally graduated from Harvard University. David has been working with chemical compounds in bullion cubes for the past 29 years. Other Harvard graduates include Sharon Gregory, who has been studying paper mache, Matthew Jack, who has been working in home movie-making, and Roberto Kelley, whose major is Bob Marley.

Congradulations to Richard Cowan, who has recently announced his engagement to the highly-sophisticated B-4005 micro-computer which was recently installed in Duca's Simplicity department. During our conversation with Rich, we were slightly taken aback when he gestured toward the lobby and whispered, "Here she comes now."

As expected, Michael Henry has continued his political career, campaigning across the United States for a seat in the Missouri state legislature. Henry's secretary Gerri Reilly commented on his success, "I think his efforts were well-reworded. The white bucks and the Irish bread were dramatic clinchers."

Superstar Mare Courtney sounded overjoyed when she informed us of her overnight success as a Punkette at New York's Radio City Music Hall. Mare also told us of a quiet chat she had in the depths of Boston's Sumner tunnel with Patty Galvin, who is directing traffic and collecting tolls there. The gals babbled about their post-high school experiences, one of which was with Julie McKeever, who often speeds through the tunnel in her newly-restored 1968 jet – black Karmen Ghia.

Someone at the reunion asked about the whereabouts of Allison Avery. Although nobody seems to be quite sure, some believe that Allison has yet to emerge from her Prospect Street bomb shelter in which she has been hiding since the early 80's.

The class of 1980 welcomed glamerous Liz Lapof to the reunion. Liz has lately been appearing in title roles on Broadway in musicals like Guys and Dolls *and* Bells Are Ringing. *Lapof has been considering working with the theatre in Paris, France, yet says, "Hi Hi . . . Golly, Paris has begun to give me the doldrums!"*

Many were dumbfounded when they discovered a monstrous soiling vessel anchored just outside the lobby, but when Kim Foote stepped out onto the bridge and dropped starfish into the crowd, no one was surprised. Inside Kim's incredibly well-furnished yought, we discovered Beverly Stutzenberger, who was boogying to the beat of "Disco Princess". Beverly's success as the host of t.v.'s Dance Fever has given rise to her immediate success as a night club starlett in Chicago.

Many thanks are due to all who participated in making the evening at the Berrini such a smashing success. We hope to see everyone in the near future!

For those of you who have been mislead in the belief that RTG upholds a happy-go-lucky demeanor let it be now stated that Gardner's attitude has deteriorated as quickly as his hairline. Sally Guadaghno we all lost to the film star of the 1970's, the one and only Robert Redford."

"Wrapping up the athletics department, I would like to say that the outlook on this is that the 4th floor co-ed lockerroom will be the sight of a meeting to be held by Coach Ron DiGravio and Coach Carol Anderson. This meeting is for all those interested in trying out for the co-ed Football team."

"Finally, I would like to wish you all good luck in your attempted quest for success in this new and modern school year."
Thank you.

To see the earth as it truly is, small and blue and beautiful in that eternal silence where it floats, is to see ourselves as riders on the earth together, brothers on that bright loveliness in the eternal cold—brothers who know now they are truly brothers.—ARCHIBALD MacLEISH
